### WHY JOIN THE PTO?

1. **MAKE A DIFFERENCE:** There have been hundreds of research studies on the positive effects of parent involvement in schools, and they all show the same thing; when parents are involved in their children's education, good things happen. Grades go up – Test scores rise – Behavior improves – children with involved parents are more likely to go on to further their education after high school. When parents are active, they build a true “school community” and children thrive.
2. **HAVE A VOICE:** Being a PTO Member means having a legislative active voice. The more members, the louder your voice will be to advocate for your children and our school. Membership provides a sense of community and keeps you involved in what is happening in our school. You can **DIRECTLY** be a part of creating, planning, and executing fun events for the whole family, become a greater part in your child's learning experiences, and provide critical needs identified by the Glenpool Elementary administration.
3. **SERVICE HOURS:** Joining the Glenpool Elementary PTO **DOES NOT** mean you will have to volunteer all the time. We have several events and fundraisers throughout the year.
